Princeton University Press, United States, 2013. Hardback. Book Condition: New. 373 x 249 mm. Language: English . Brand New Book. This two-volume catalogue is the first comprehensive scholarly description of the Western medieval and Renaissance manuscripts in the Princeton University Library, one of the finest collections in America. The rich holdings comprise more than 420 manuscripts in the Robert Garrett, Grenville Kane, Robert Taylor, Cotsen Library, and Princeton collections; manuscripts bound with incunables in the Rare Books Division; hundreds of single leaves and cuttings; and about 5,000 original documents in six other collections. The catalogue offers full textual, paleographic, codicological, art-historical, and iconographical descriptions; detailed provenance notes; and full bibliographies. Some twenty years in the making, this catalogue identifies virtually all...
