

## Necessary Noises - An Introduction to English Phonology: An Introduction to English Phonology (Paperback)

By Steve Buckledee

Arima Publishing, United Kingdom, 2007. Paperback.

Condition: New. New.. Language: English . Brand New Book

\*\*\*\*\* Print on Demand \*\*\*\*\*.How do we produce the sounds

that make up the English language? What happens when we

link those sounds together in connected speech? Why doesn't

English spelling reflect the way we say words? Why do some

people make every sentence sound like a question? What is

happening to the pronunciation of British English? Necessary

Noises attempts to answer these and other questions in a style

that aims to be at all times clear and accessible to the reader

approaching the subject of phonology for the first time. No

attempt is made to deny the existence of technical terminology

(which would be a futile task), but the specialist vocabulary is

explained in plain English which avoids any suggestion of

mystification of the subject. The reader is not expected to have

an entirely passive role in this exploration of the noises that are

so necessary for communication between human beings. A

series of tasks - some involving reflection, others requiring

active participation - accompany the explanations in a text

that can be used both in the classroom or for private study.

### Reviews

*This book will never be straightforward to start on reading through but quite enjoyable to learn. Better than never, though I am quite late in starting reading this one. Your lifestyle span will probably be converted once you complete reading this publication.*

-- **Dr. Kadin Hane DVM**

*This publication may be worth purchasing. It was actually written quite flawlessly and valuable. I am just happy to tell you that this is actually the very best book I actually have studied inside my personal life and can be the best ebook for actually.*

-- **Frank Nienow**
