

Understanding Science: Changing Materials (2nd Revised edition)

By Penny Johnson

Schofield & Sims Ltd. Paperback. Book Condition: new. BRAND NEW, Understanding Science: Changing Materials (2nd Revised edition), Penny Johnson, Understanding Science is a series of topic-based study books for children in Key Stage 2, providing comprehensive coverage of key subject areas. Each topic contains a concise summary of the information required by the National Curriculum, together with structured practice. Each book is a stand-alone resource, so children can either work through them in order or focus on individual aspects of the subject. Together, the six books support the whole of the Key Stage 2 science curriculum, including scientific investigation, providing a solid foundation for success in science. Changing Materials meets the National Curriculum requirements for Key Stage 2 science, and covers the following topics: evaporation, condensation, the water cycle, burning, filtering, melting, solidifying and dissolving. This book builds on the skills learned in Using Materials and explains how materials are changed from one state to another. Key features of Understanding Science include: an 'Explanation' to introduce each topic; activities to consolidate and revise knowledge and skills; thought-provoking facts to foster a love of learning beyond the National Curriculum; a 'Scientific investigation' table to identify and encourage scientific questioning opportunities across...
